PRODUCT BRIEF

ALP Overseas offers the three most popular sizes of Wheel Chocks.

We are currently in the process of developing a wide variety of Chocks which will provide usage across wide range of trucks & trailers.

ALP Overseas currently offers Wheel Chocks in Black and Orange colours. We have also the capability to make these chocks in any other colour as desired by the customer.

Our Wheel Chocks meet DOT specification and are amongst the most durable and long lasting in the market.

Since we use a special compounding technology which combines reinforced natural rubbers with EPDM, it gives the best of strength and aesthetics to the produced pieces.

VIRTUALLY INDESTRUCTIBLE

- All wheel chocks come with an eye bolt. Also available with chains & T-Handle as required by the customer request.
